Department of English

Certificate Course in Communicative Skills in English

Consolidated Report

(Academic Year -2023-24)

Introduction:

The Dept. of English is one of the important components of the institution. It has a major responsibility to enhance the various skills of the students in regard to the English Language. English is an international language used it as a medium of instruction, communication, media language as well as the language of the internet. To fulfill the need of a student in respect of communication, and fluency in the English language, the department uses the English Language Laboratory.

Objectives:

1. To develop self-confidence among students in regard to the English Language
2. To make students familiar with English pronunciation
3. To develop Communication skills
4. To enhance paraphrasing and elaboration skills
5. To boost interactive skills to enhance comprehension
6. To help students with Personality Development
7. To prepare students for job interviews

Taking into account the need of the students, the Dept. of English introduces a Certificate Course in Communicative Skills in English for all faculty students. The Dept. English conducts the tests and interviews of the students for selecting for the Certificate Course. The students that are qualified for the certificate course are admitted. The Language Lab is used effectively to enhance the skills of the students

Details of Certificate Course on 'Election Process'

Introduction:

The Election process in India is the most important to Indian democracy & democratic values. Election process refer to the basic of election process in the reforms of local self-government, state government & central government. The election process aspires to provide a common, political and social conditions required for all individuals to lead a minimally good life.

Course Description:

This certificate course will give the students an insight into the subject of Election & election process. Students will understand what election process are and how could they participate in elections and its process. This course will be beneficial for all students, Professionals or anyone interested in knowing about their basic election process as an individual and like to enforce them for themselves or others.

Course Methodology:

The course methodology is so structured as to enhance research and writing skills along with advocacy and practice of Election Process. This course will give exhaustive study on election process in Indian perspective. It has been divided in to 4 Units for better systematic understanding of election process.

Objectives:

1. To sensitize the learner about election process and develop basic understanding of elections and their process.
2. To create awareness about election process including the voter awareness issues.
3. To create a meaningful understanding of election process in Indian democracy.

4. To sensitize students about the awareness of voting & election process in India.
5. To make students aware of their election rights and process.
6. Promotion of understanding of voter's ethics, gender equality in elections.

Significance:

The primary goal is to develop participants ability to think critically understand and deliberate on the intricacies of Election Process. It also exposes participants to the local, state and if possible national election process available for the protection of voters. This programme in election process has been designed to meet the growing needs of experts in field of democracy, election issues, voters rights and election laws, The election process based jobs includes election campaign activist, party workers, election analyst, Professional Campaigner etc.

Summary Report of Certificate Course on Gardener

(Academic Year-2023-2024)

Sunderrao Solanke Mahavidyalaya Majalgaon, Dist. Beed is a multifaculty college established in June 1971 and known for good academic excellence in the region. The department of botany actively participated in the student encouragement in curricular and co-curricular activity. The department of botany introduces the certificate course on gardener in the academic year 2020-2021 and it is of 6 months course. The certificate course is started from 06 September 2023 in the academic year 2023-2024. The course is useful to identify and use of basic tools, equipment and material required in gardening, layout and design the garden, maintain the garden, practical hand and knowledge of different technique used in gardening and become well versed with environment health and safety.

This certificate course is open for all the graduate and post graduate students of the college. 56 students of the college successfully completed the certificate course on gardener in the academic year 2023-2024. Majalgaon is in rural area and rich in flora. It has two major rivers Sindhaphana and Godavari. Majalgaon and its nearby villages are well irrigated because of Dam and above rivers. Due to this the present certificate course is very useful to the students to applied knowledge of the gardening.

Certificate Course in

Accounts Executive (Recording and Reporting)

Brief Summary of the Course

Academic Year 2023-24

Introduction: Majalgaon city and nearby villages are well irrigated and have fertile land leading to a good agricultural economic base. Majalgaontahsil has several Agro-processing plants such as three sugar factories, several cotton mills, oil mills, ginning and pressing units, co-operative banks & societies, Micro & small enterprises etc. In all these establishments, need of skilled and trained manpower relating to field accounting is sought. Thus, this course is introduced to fulfill this market requirement.

Course Objective: This program is aimed at training candidates for the job of an "Accounts Executive (Recording and Reporting)", in the "BFSI" Sector/Industry and aims at building the following key competencies amongst the learners.

Significance of the Course: Basically, our effort towards introducing this course is to make more and more students to be self-employed in the field of accounting as there is huge requirement of the people having expertise in the field of accounting in the local market.

Course Outcomes:

After completing this programme, participants will be able to:

- Maintain records of defined receipts and payments
- Accounting for provisions
- Prepare Bank Reconciliation Statement (BRS) and Depreciation schedule
- Compile and present periodical statements of extracts from ledgers to show total amount of receipts and expenditure of the company, profits earned, or losses incurred etc.

Eligibility: Minimum Qualification- 12th pass in commerce & allied subjects/ Diploma in commercial practice.

Course Duration: 6 Months (100 Hours)

Course Outline: This course consists of one paper. Exam will be conducted after completion of study hours (100 Hrs.). Continuous evaluation will be undertaken in the form of tests, seminar, and group discussions etc. Theory exam of 40 Marks & Practical exam for 60 Marks will be conducted at the end of the course. Those who passed will be awarded with certificate.

Placement: Placement drives will be undertaken every year according to the need of the local industry.

Certificate Course on Water Conservation

Details of the Certificate Course on Water Conservation and Management

Introduction

Water conservation is essential and can be done by everyone. Water conservation is the practice of an efficient usage of water by reducing unnecessary wastage of the same. The importance of water conservation becomes even more necessary as there is a limited source of freshwater that is beneficial for all human beings for a Healthy lifestyle. Human activities are polluting the water sources threatening the survival of living beings. So, water conservation focuses on the concept of "save water and save a life. The Marathwada region specially the Beed district face the problem of the Water scarcity and it is the drought affected area. The present certificate course provides the awareness among the students of the water conservation and its management.

Objective:-

- The objective of water conservation is to save water in any form. Water can be saved in many ways through regular practice, campaigns, and awareness.
- The objective of water conservation is to protect natural water bodies. Its objective is to protect aquatic wildlife.
- The objective of water conservation is to research the quantity and quality of water.
- Its objective is to avoid water wastage.
- It is really important to conserve water by all means.

Significance

This certificate course provides the awareness among the students of the water conservation and its management. The students will understand the importance of the water in the day to day life of the man. It gives the detail idea to the students about the different technique used for the water conservation and management.
